NANZ®

No 8423

The bold but simple face of the No 8423 cabinet knob is centered by a plateaued boss. A sharp cove on interior circumference of the face gives rise to a slow curve terminating at the boss. A polished finish will emphasize the simplicity of the knob, while a patinated finish will highlight its molding details. All Nanz finishes are available.

Diameter:	1-3/4"
Projection:	1-1/4"
