

NANZ®

N° 2162

Suited to Art Moderne and deconstructed interiors alike, the N° 2162 lever resembles a series of discs in varying sizes stacked end on end. Each disc is delineated by a small reveal, creating highlights and shadows to call attention to its geometry. Suggested finishes include Polished Nickel, Dark Oxidized Bronze, Medium Pewter, and Polished Chrome. Full mortise or tubular latches may be provided, or the lever may be manufactured for use with multi-point doors, cremone bolts, or tilt-and-turn windows. All Nanz plated and patinated finishes are available.

Length: 4 ¼
Projection: 2 ½
Rose Diameter: 2
