The ogee profile of the Moderne soap dish holder's backplate accentuates the classical elegance of the high-quality ceramic. The off-white, oval dish incorporates three interior ridges to prevent soap from dissolving in excess water. This streamlined style is suitable for traditional and contemporary interiors. Manufactured in solid brass, the holder is available in twelve NANZ plated and patinated finishes. A comprehensive suite of aesthetically related bath hardware is also available, including towel rings, robe hooks, and glass towel rods.
