

N° 12.03

The clean lines and flat planes of the American Revival faceted towel ring backplate are uninterrupted by excess ornamentation, shifting focus to the high-quality finish. Its modern form is best seen in polished nickel, brass, and gold, as well as in burnished brass and satin nickel. As with all of our hardware, the ring is manufactured of solid brass, making it exceptionally strong. A comprehensive suite of aesthetically-related bath hardware is also available, including robe hooks, toilet paper dispensers and glass towel rods. It is produced in twelve Nanz plated and patinated finishes.
