

N° 12.10

A simple, rounded-edge backplate and post secure the Functional towel ring. The reduction of the backplate into its essential form recalls the beliefs of Le Corbusier that function is inherently beautiful. This towel ring is suitable for a variety of interiors. As with all of our hardware, the ring is manufactured of solid brass, making it exceptionally strong. A comprehensive suite of aesthetically related bath hardware is also available, including robe hooks, toilet paper dispensers and glass towel rods. It is produced in twelve Nanz plated and patinated finishes.

Height: 7"

Diameter: 6"

Rose Diameter: 2-1/4"

Collection: Georgian
