NANZ

AQ-PM-19.29

The NANZ single-post toilet paper holder is both easy to use and to install. Also offered is the double-post version. Cast from brass and precision machined, these bath accessories are a well considered collection of extraordinary quality. Matching bath and shower fittings are offered, as are coordinating bath accessories and cabinetry. Selected examples appear below. Originally fashioned for a late 80s showhouse, the faceted surfaces of the NANZ prismatic collection were inspired by the art of the stone cutter. Joined with a matching set of complementary components the collections can be used throughout a project and is another wonderful example of a highly versatile transitional design style. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
