

N° 12.13

The Drum towel ring evokes 18th-century Neoclassicism through the use of reeding in the flourishing backplate that repeats the shape of the ring. The visual play of the decorative lines against the smooth post creates a sophisticated design that is suitable for a variety of traditional and early modern interiors. As with all of our hardware, the ring is manufactured of solid brass, making it exceptionally strong. A comprehensive suite of aesthetically related bath hardware is also available, including robe hooks, toilet paper dispensers and glass towel rods. It is produced in twelve Nanz plated and patinated finishes.
