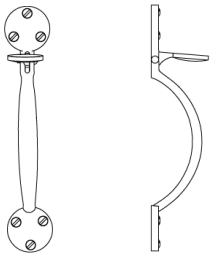
NANZ®

Nº 6767

The Nº 6767 thumblatch pull is based on 18th century design, with rounded terminals and a bow handle. As the thumblatch is depressed, the connected bar passing through the door raises a pivoting cross bar, disengaging it from a latch attached to the door frame. The thumblatch extends through the door and engages a pivoting catch. The handle is also available with leaf-shaped terminals as the Nº 6157. All nanz plated and patinated finishes are available.



Height:	7"
Projection:	1-1/64"
Width:	5-3/4" inside cross bar
Door Thickness:	2"
