

N° 1028

The No 1028 round knob stylishly reinterprets Regency English decorative motifs. The face of the knob curves in a shallow ogee surmounted by an omphalos, while reeded bands ring the circumference. The underside of the knob and the face of the rose mirror the ogee. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Recommended finishes include burnished brass, pewter, polished nickel, satin nickel, antique gold and silver, though all Nanz plated and patinated finishes are available. Alternative rose designs can also be provided. The knob measures 2-1/2" in diameter with a projection of 2-1/2". Cabinetry sizes are also available for this knob as the No 8028.

Diameter: 2-1/2"

Projection: 2-1/2"
