NANZ

N° 1211

The simple form of the No 1211 abstains from ornamental indulgences and reflects the modern minimalism of the Bauhaus School. The plain round rose pairs ideally with the with flat circular handle. The craftsmanship is apparent in the soft rounded edge of the face and smooth transition connecting the gently tapering shank. The knob may be provided in 2-1/2” diameter for doors. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. All Nanz plated and patinated finishes are available, as are alternative rose designs.

DIAMETER	2-1/2"
PROJECTION	2-1/4"
