NANZ

N° 1238

The No 1238 knob draws to mind the complex yet restrained formalism of early Parisian modernism. The simple barrel shape is highlighted by a series of reveals and astragals topped with a single pronounced boss. Like many other handles, this knob can be ordered adorned with roped or beaded detail. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. The knob is available in all Nanz plated and patinated finishes and can be paired with alternative rose designs in varying degrees of ornamentation. It has a diameter and projection of 2-1/2".

DIAMETER	2-1/2"
PROJECTION	2-1/2"
