

N° 1071

The No 1071 cylindrical knob brings a greater usability to minimalist Bauhaus design. Round-ended grooves circumscribe the diameter of the knob, allowing for better grip in a machine-age balance of functionality and form. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Finishes available include polished chrome, polished nickel, satin nickel and dark oxidized bronze, as well as all of Nanz's plated and patinated finishes.

Diameter: 2"

Projection: 2-3/4"
