

N° 1084

The No 1084 knob is based on a 19th-century English design and reflects the style of the Arts and Crafts Movement. It achieves a rhythmical pattern through the repetition of simple ribs, which gradually diminish in width as they progress along the circumference. The rose continues and varies the motif with four flattened ribs over the shallow curve of the surface. The shank reverses the curve of the profile in a graceful continuous line. The knob can be provided in 2", 2-1/4", and 2-1/2" diameters for doors, as well as in 3/4", 1", 1-1/4", 1-1/2", and 1-3/4" diameters suitable for cabinetry. Backplates for cabinet knobs can be provided on request at an additional cost. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches are available for use with this knob. Finishes available include polished brass, antique brass, dark oxidized bronze and burnished nickel, as well as the rest of Nanz plated and patinated finishes. A selection of related products is also available.

Diameter: 2" 2-1/4" 2-1/2"

Projection: 3-1/8" 3-1/2" 3-1/2"
