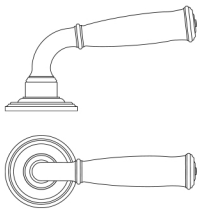
NANZ®

Nº 2114

The concentrically ringed end of the Nº 2114 Georgian lever adds a subtle element of detail to the handle's gently curving form. Although Neoclassical in origin, the restrained design is suitable for contemporary as well as traditional interiors. An oversized version of this product has been designed for use with entry doors or for other special applications. All Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or can be manufactured for use with multi-point doors and tilt & turn windows.



Length:	4¼	4⅜
Projection:	2⅞	2⅞
Rose Diameter:	2	2
