

N° 1205

The boldly scaled-up molding profile of the N° 1205 Georgian knob consists of a bullnose edge that flares slightly outwards at the top, joining a broad, shallow ogee which rises to a large boss at the center. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. The knob is also available in smaller diameters suitable for cabinetry. Finishes available include, but are not limited to burnished brass, antique brass, pewter, polished nickel and dark oxidized bronze. A variety of rose designs in varying degrees of decoration can also be provided with this knob.
