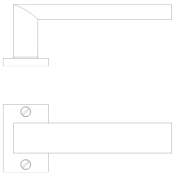
NANZ®

Nº 2672

The semi-cylindrical form of the Nº 2672 lever exudes late Art Deco style. Its clean lines travel from the body onto shank and are complemented by a thin rectilinear backplate with exposed fasteners. Recommended finishes include medium pewter, polished nickel and satin nickel, though all Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.



Length:	4 ⅞
Projection:	2
Rose Dimensions:	2 ¼ x 1 ½
