

N° 2094

The No 2094 Art Deco lever, designed in Europe in the early decades of the 20th century, recalls the work of American designers Donald Deskey and Raymond Loewy. The lever's intersecting and fragmented geometric forms are complemented by a simple disk-shaped rose. Other rose designs are available for this handle. Recommended finishes include pewter, satin nickel and antique silver, though all Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors as well as tilt & turn windows.
