

N° 2114R

The concentrically ringed end and roped astragals of the No 2114R Georgian lever add subtle elements of detail to the handle's gently curving form. The lever is also available with beading or without adornment. Although Neoclassical in origin, the restrained design is suitable for contemporary as well as traditional interiors. An oversized version of this product has been designed for use with entry doors or for other special applications. All Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or can be manufactured for use with multi-point doors and tilt & turn windows.
