

N° 2205

The No 2205 lever represents the French adaptation of neoclassical forms of the Art Nouveau period. The curved, reeded handle, which gently swells and tapers toward the end, recalls the ribbon and reed motif popular in the late-18th century. The astragal and cove moldings of the shank and rose also reflect this classical design. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. All Nanz plated and patinated finishes are available, as is a variety of alternative rose designs.

Length: 3-7/8"

Projection: 2-3/4"

Rose Diameter: 1-3/8"

Collection: Ornamental
