

N° 2240

The No 2240 modern lever curves in a continuous line from handle to shank. A gentle flare culminates in a smooth dome at the handle's end, as well as at the midpoint of the shank, followed by a groove and cylinder. The face of the rose gently curves to a step and a quarter round at the edge. This handle may be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. Other rose designs can be provided with this handle. Recommended finishes include polished brass, satin nickel, polished nickel, dark oxidized bronze and antique brass. All Nanz plated and patinated finishes are available.

Length: 4-3/8"

Projection: 2-3/4"

Rose Diameter: 1-7/8"

Lever Style: Transitional

Collection: Modern
