

Nº 2283

The No 2283 lever offsets its clean, rectilinear form with rounded edges. It is complemented by a cylindrical rose with a similar rounded edge detail. The clean lines of the lever make it appropriate for a variety of contemporary interiors. Recommended finishes include satin nickel and polished brass, though all Nanz plated and patinated finishes are available. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows.

Length: 3-1/2"

Projection: 2-1/8"

Rose Diameter: 1-3/4"
