

N° 2311

The No 2311 French bull's eye lever, is based upon 19th-century levers and features a large bull's eye terminus and tapered handle with an ogee profile. The rose's curving forms repeat the ogee and astragal motif. It can be used in combination with the companion French bull's eye knob, No 1011. This handle can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. All Nanz plated and patinated finishes are available.
