

N° 5713B

The N° 5713B escutcheon plate incorporates a beaded edge detail and a classic demilune form. Shown with a cutout for passage locksets, it can also be manufactured for use with a thumbturn or a profile cylinder. This escutcheon plate can be used as the outline for a vast array of complementary products. Switch and outlet plates, push buttons for elevators, and mail slot escutcheons are several examples. All Nanz plated and patinated finishes are available.
