

N° 6044K

The N° 6044K recessed pull has a round body and is faced with a radiused edge. Its lack of ornament and simple contours make it the perfect complement to both modern and traditional interiors, depending on the selected finish. The pull can be used alone on a sliding pocket door or in conjunction with a deadbolt. Shown with a keyhole cutout, it can also be provided plain or with a thumbturn. All Nanz plated and patinated finishes are available.
