

N° 6617

The No 6617 lever represents the French adaptation of neoclassical forms of the Art Nouveau period. The curved, reeded handle, which gently swells and tapers toward the end, recalls the ribbon and reed motif popular in the late 18th century. The pull is available for full-sized, shower, and refrigerator doors and can be used in back-to-back configurations. All Nanz plated and patinated finishes are available.
