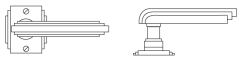
No 2007

The American Moderne-inspired No 2007 lever, consisting of intersecting stacked planes, recalls Donald Deskey's work and Raymond Loewy's streamlined designs of the 1930s. The rectangular rose with two exposed screws continues the stepped motif. It can also be ordered with a stepped round rose and concealed fasteners. Finishes available include polished brass, satin chrome, polished nickel and antique brass, as well as a myriad of plated and patinated finishes. The lever can be used with traditional full-mortise locksets or manufactured for use with multi-point doors and tilt & turn windows. A selection of related products is also available.



Length:	3-3/4" 4-3/4"
Projection:	2-5/16"
Rose Diameter:	2"x1-3/4"
Collection:	Art Deco
