## AQ-AD-20.09

The vertically intersecting planes of the Art Deco soap dish holder's backplate give the holder a sense of streamlined elegance. The off-white, oval dish incorporates three interior ridges to prevent soap from dissolving in excess water. Manufactured in solid brass, the holder is available in twelve NANZ plated and patinated finishes. A comprehensive suite of aesthetically related bath hardware is also available, including towel rings, robe hooks, and glass towel rods.
