NANZ®

AQ-AR-1.2-2118

Revived from early fittings by American companies like, Mott, Meyer Sniffen, Crane and American Standard, the American Revival collection improves on wonderfully familiar shapes with the latest ceramic valve technology from FLUHS. As was the case in the early 20th century, handles are interchangeable allowing for a multitude of variations. Manufacturing to order allows NANZ to build your faucet as you like; just let us know your preference. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
