NANZ®

AQ-AR-1.2-X048 SPS

The NANZ Tri-Mount Short Basin Deck is manufactured in solid brass and features FLUHS ceramic valve cartridges. Our basin sets may by customized by choosing from our varied range of handles, spouts, bells, bonnets and rod finials. Matching bath and shower fittings are offered, as are coordinating bath accessories and cabinetry. Selected examples appear below. Revived from early fittings by American companies like, Mott, Meyer Sniffen, Crane and American Standard the American revival collection improves on wonderfully familiar shapes with the latest ceramic valve technology from FLUHS. As was the case in the early 20th century, handles are interchangeable allowing for a multitude of variations. Manufacturing to order allows NANZ to build your faucet as you like; just let us know your preference. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
