

AQ-DM-5.1DVC-1011

From the mind of mercurial designer Steven Sclaroff emerged the French Drum knob No 1011 which led to The Drum Collection. Banded with ogival moulding and ringed with simple astragals, the components are decorative yet restrained. A perfect solution for both modern and traditional interiors.

The NANZAQUATIC Volumetric/ Diverter Shower control is manufactured in solid brass and features Fluehs technology. The control works with 1/2" or 3/4" NANZAQUATIC volume control valves, 2-way and 3-way diverter valves, with or without shared ports. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

Baseplate: 2 1/4"

Handle Height: 2 7/8"

Knob Style: AQ-1011.S5211

Collection: The Drum
