

AQ-DM-7.1.1-1011

The NANZ Monoblock Kitchen Faucet features a single control for volume as well as temperature. Turn for temperature-tilt to control volume. Flushing valves assure balanced pressure and anti scald features. Tension is perfect for just the right feel. A separate hand spray is also available. From the mind of mercurial designer Steven Sclaroff emerged the French Drum knob No 1011 which led to The Drum Collection. Banded with ogival moulding and ringed with simple astragals, the components are decorative yet restrained. A perfect solution for both modern and traditional interiors. Joined with a matching set of complementary components the collections can be used throughout a project. Selected examples appear below. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

Spout Height: 16"
