NANZ

AQ-DO-5.1-1045

The NANZ Thermostatic Shower control is manufactured in solid brass and features Huber anti-scalding technology. In addition, a safety feature requires button activation to reach the hottest temperatures. Valve comes with integral check valves and stops for easy installation and serviceability. Matching bath and basin fittings are offered, as are coordinating bath accessories and cabinetry. Based on the simple sphere and fractional variations combined with cylindrical components, the NANZ Domus line is a most contemporary collection. It happily works juxtaposed in traditional settings, as well as modern interiors. With coordinating bath, shower, basin fittings and accessories, The collection can be coordinated throughout a project. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
