

**NANZ**

#### AQ-MD-5.1DVC-2004

Drawing inspiration from the realm of Arbus, Rhullman, and Chereaux, the Moderne collection is reminiscent of 1920's Paris. With simple sensuous lines the pleasing forms are particularly useful for any 20th century transitional interior.

The NANZAQUATIC Volumetric/ Diverter Shower control is manufactured in solid brass and features Fluehs technology. The control works with 1/2" or 3/4" NANZAQUATIC volume control valves, 2-way and 3-way diverter valves, with or without shared ports. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

Baseplate: 2"

Height: 2-3/4"

Length: 4"

Collection: Moderne
