NANZ

AQ-PM-7.1.1-1013

The NANZ Monoblock Kitchen Faucet features a single control for volume as well as temperature. Turn for temperature-tilt to control volume. Fluhs valves assure balanced pressure and anti scald features. Tension is perfect for just the right feel. A separate hand spray is also available. Originally fashioned for a late 80s showhouse, the faceted surfaces of the NANZ prismatic collection were inspired by the art of the stone cutter. Joined with a matching set of complementary components the collections can be used throughout a project and is another wonderful example of a highly versatile transitional design style. Selected examples appear below. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

SPOUT HEIGHT	16"
SPOUT PROJECTION	8"
KNOB STYLE	Nº 1013
PRODUCT CODE	AQ-SKM9.1013.D5
