

Bar Monoblock 03

The Nanz Monoblock Bar Faucet features a single control for volume as well as temperature. Turn for temperature-tilt to control volume. Flugs valves assure balanced pressure. Tension is perfect for just the right feel. A separate hand spray is also available. Originally fashioned for a late 80s showhouse, the faceted surfaces of the Nanz prismatic collection were inspired by the art of the stone cutter. Joined with a matching set of complementary components the collections can be used throughout a project and is another wonderful example of a highly versatile transitional design style. Selected examples appear below. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
