

Basin Set 130

Incorporating the pleasing moulding profiles of 18th century Neoclassicism, the Nanz Georgian collection, is simple yet exceedingly useful in a wide variety of interiors. Perhaps our most popular collection for traditional kitchens and baths, the combinations of handles and complementary accessories are particularly numerous. Designed for 3-hole basin decks, this widespread set is constructed from solid brass and features FLUHS manufactured ceramic valve cartridges. Selected examples appear below. A variety of finishes are offered. Contact one of our offices for more information and assistance with specification.
