

Shower Set 17

The Nanz Thermostatic Volumetric Shower control is manufactured in solid brass and features FLUHS ceramic valve cartridges. The shower set is pressure balanced and includes a patented anti-scald mechanism. In addition a safety feature requires button activation to reach the hottest temperatures. Matching bath and basin fittings are offered, as are coordinating bath accessories and cabinetry. Selected examples appear below. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification. The Nanz Bauhaus collection, based on designs by Walter Gropius from the 1920s, embodies the School's belief in simple geometric forms as the basis of good design. With coordinating bath, shower, basin fittings and accessories, The collection can be coordinated throughout a project.
