

EC-1305

A plain astragal in a shallow step adorns the face of the EC-1305 knob. A cavetto molding at the base of the shank forms a transition to the rose, which has an ogee profile ringed by another plain astragal. The classic simplicity of the knob is appropriate for period and contemporary interiors. Diameter 2-1/4", projection 2-1/2", rose diameter 2". See all available finishes [here](#).
