

## Shower Set 27

The Nanz Thermostatic shower with built in Volumetric Shower control is manufactured in solid brass. The shower set is balanced to maintain constant temperature regardless of water use in other areas of the home. In addition a safety feature requires button activation to reach the hottest temperatures. Matching bath and basin fittings are offered, as are coordinating bath accessories and cabinetry. Incorporating the pleasing moulding profiles of 18th century Neoclassicism, the Nanz Georgian collection, is simple yet exceedingly useful in a wide variety of interiors. Perhaps our most popular collection for traditional kitchens and baths, the combinations of handles and complementary accessories are particularly numerous. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.
