

Shower Set 29

The Nanz Volumetric Shower control is manufactured in solid brass and features FLUHS ceramic valve cartridges. The shower set is pressure balanced and includes a patented anti-scald mechanism. In addition a safety feature requires button activation to reach the hottest temperatures. Matching bath and basin fittings are offered, as are coordinating bath accessories and cabinetry. Selected examples appear below. Incorporating the pleasing moulding profiles of 18th century Neoclassicism, the Nanz Georgian collection, is simple yet exceedingly useful in a wide variety of interiors. Perhaps our most popular collection for traditional kitchens and baths, the combinations of handles and complementary accessories are particularly numerous. A variety of bath friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

Diameter: 5" x 5"
