NANZ

N° 1010

The No 1010 modern Georgian knob, designed by Steven Sclaroff, is a cross between the classic 18th-century Georgian knob and the streamline detailing of mid-century modernism. The simplified face featuring a roundel floating in a deep, open reveal has a jet-age feel. It is also available in sizes suitable for cabinetry. Full mortise entry locks, privacy locks, passage latches and tubular latches may be provided for use with this knob. Recommended finishes include chrome, nickel or silver plate and antique gold finishes. All NANZ plated and patinated finishes are available, as is a variety of rose designs.

DIAMETER	2-1/2"
PROJECTION	2-3/8"
