NANZ

N° 1018H

The No 1018H round knob, a hand-hammered version is an 18th Century design. The simplicity of the well-proportioned design allows the knob to be used in contemporary as well as traditional interiors. Available finishes include antique nickel, satin nickel, antique brass and dark oxidized bronze, as well as a myriad of other NANZ plated and patinated finishes. Peening is an art that was popularized during the Arts and Crafts movement but dates to the 18th Century. A cabinet version, the No 8018H, is also available in smaller sizes. Backplates for cabinet knobs may be provided upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches may be provided for use with this knob. A variety of roses may be provided for this knob.A selection of related products is also available.
