NANZ

N° 1019F

The No 1019F faceted elliptical knob brings a modern, geometric design to one of Nanz's most classic products. The knob's edge reverses the curve of the shank to create a graceful, aesthetic proportion. The rose, with an ovolo molding around the edge is also available in a large selection of alternative rose designs. All NANZ finishes are available.

DIAMETER	2-5/8" x 1-5/8"
PROJECTION	2-3/8"
