

## N° 1024

The No 1024 round knob is an early 20th Century adaptation of classic Georgian design. The simplicity of the well-proportioned profile makes the knob suitable for contemporary as well as traditional interiors. The rose's profile is composed of an ogee followed by an astragal and cove at the edge. The knob may be provided in 1-3/4", 2", 2-1/4", 2-1/2", 2-3/4" and 3" diameters for doors, and the No 8024 cabinet knob is available in 3/4", 1", 1-1/4", 1-1/2" and 1-3/4" diameters. Backplates for cabinet knobs may be provided upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches and tubular latches may be provided for use with this knob. All Nanz finishes are available as is a series of alternative rose designs.
