

N° 1034

A single cavetto molding rings the domed face of the No 1034 Georgian knob. A slight step separates the handle from the shank. Although Neoclassical in origin, the restrained design is suitable for contemporary as well as traditional interiors. The knob is available in smaller diameters suitable for cabinetry. Backplates for cabinet knobs are available upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. The design of the knob is adaptable to a wide variety of roses. Recommended finishes include polished nickel, antique brass, burnished brass, pewter and antique gold or silver. In addition a myriad of other Nanz plated and patinated finishes is available.
