NANZ

N° 1070

The No 1070 knob follows the strict geometry and minimalism of the Bauhaus style by reducing the knob, shank, and rose to simple unadorned cylinders as an exercise in form and proportion. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Finishes available include polished chrome, polished nickel, satin nickel and dark oxidized bronze, as well as the rest of Nanz's selection of plated and patinated finishes. The knob measures 2" in diameter with a projection of 2-3/4" and can also be provided in 3/4", 1", 1-1/8", 1-1/4", and 1-1/2" diameters suitable for cabinetry. A selection of related products is also available.

DIAMETER	2"
PROJECTION	2-3/4"
