

N° 1118

The No 1118 traditional round knob has a turned ornamental boss in the center ringed by a stepped astragal. A polished finish will emphasize the simplicity of the knob, while a patinated finish will highlight the molding details of the shank and rose; all Nanz finishes are available. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. The handle is frequently provided with a more decorative backplate sometimes adorned with either roping or beading. The knob can also be provided in smaller sizes, suitable for cabinetry.
