NANZ

N° 1128

The No 1128 knob, a stylish conflation of modern minimalism and traditional ornament, recalls the drum-shaped knobs of the turn of the 20th century. A cove rings the straight sides, and the face rises in a shallow cone surmounted by a ringed boss. The profile of the rose reflects the knob. The knob measures 2-1/2" in diameter with a projection of 2-1/2" and can also be provided in 3/4", 1", 1-1/4" and 1-1/2" diameters suitable for cabinetry. Backplates for cabinet knobs are available upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches and tubular latches can be provided for use with this knob. All NANZ plated and patinated finishes are available.

DIAMETER	2-1/2"
PROJECTION	2-1/2"
