

N° 1224R

The No 1224R Georgian knob achieves a sumptuous appearance through the multiplication of ornament. Three rope-knurled astragals, separated by cavetto moldings, rise in diminishing rings and culminate in a boss in the center. A rope knurl circles the ogee profile of the rose as well. The knob can be provided in 2", 2-1/4", 2-1/2", and 3" diameters, as well as smaller diameters suitable for cabinetry. Backplates for cabinet knobs can be provided upon request at an additional cost. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Appropriate finishes include burnished brass, antique brass, pewter, antique silver and antique gold, however all Nanz finishes are available. A selection of related products is also available.
