N° 1228

The No 1228 knob, a stylish conflation of modern minimalism and traditional ornament, recalls the drum-shaped knobs of the turn of the 20th century. A cove rings the straight sides, and the face rises in a shallow cone. The profile of the rose reflects the knob. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Custom monogramming is available. All NANZ plated and patinated finishes are available.
